1. Between 8 a.m. and 2 p.m. on 8 July 1953, 2 Aira Cobra F-63 A planes and 2 Li-2s were observed at Bad Voelslau (O 48/X 36) airfield. There was a 5/10 overcast, a southwesterly wind of about 3 km/h, and very good visibility extending to a range of 5 km. At about 1:30 p.m., a Li-2 approached from the northeast and landed at the field. No other air activity was observed. 1
2. At the beginning of the abovementioned time of observation, a truck convoy towing 37-mm AA guns left the field and proceeded on the road toward Schwechat (P 49/X 48) via Maria Lanzendorf (P 49/X 48). [REDACTED]

1. ☐ Comment. It remains to be seen whether the evacuation of Voeslau military post and airfield, except for 2 Aira Cobra F-63 A planes and 2 Li-2s, of which the latter possibly are commercial aircraft, is permanent or only temporary because of maneuvers. The driving school which is quartered in Voeslau Castle is believed to be independent from other units at the post.
